THROUGH GEYSERLAND.

Yellowstone Park Tour Arranged by Pennsylvania Lines.

The Pennsylvania Lines will run a vestibuled Pullman train from Indianapolis to the Yellowstone National Park, August 14. The tour will be a model one and first class, and thoroughly enjoyable and comfortable in every particular. A stop of an entire day will be made at St. Paul and Minneapolis and shorter stops at other points enroute. Arriving at the Park, arrangements have been made for both hotel and camping tours of "Wonderland."

An illustrated itinerary of the tour will be mailed upon application to W. W. Richardson, district passenger agent Pennsylvania Lines, Indianapolis, Indiana.

Independence Day, July 4, 1902.

July 3 and 4 the Southern Indiana Ry. will sell tickets to points within a distance of 200 miles from starting point at one fare for the round trip. Tickets good returning to and including July 1, 1902.

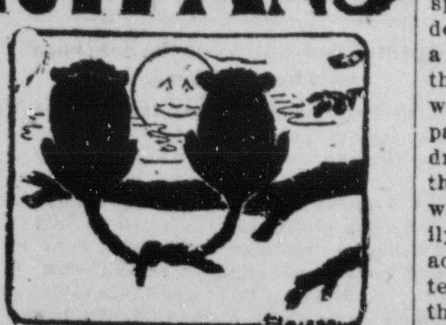

National Association of Elocutionists.

Chicago, Ill., June 22nd to 30th, 1902. The Southern Indiana railroad will sell tickets to Chicago at rate of one and one-third fare for the round trip on the certificate plan.

National Conventions, Christian Church.

Omaha, Neb. Oct. 16th to 23rd, 1902. On October 14, 15, & 16, the Southern Indiana Ry. will sell tickets to Omaha and return at rate of one first class fare for the round trip. Return limit of ticket October 24. By depositing ticket with joint agent at Omaha and a payment of 50 cents is made return limit of ticket can be extended to November 30th, 1902.

RIPAN'S

The simplest remedy for indigestion, constipation, biliousness and the many ailments arising from a disordered stomach, liver or bowels is Ripan's Tablets. They have accomplished wonders, and their timely aid removes the necessity of calling a physician for many little ills that beset mankind. They go straight to the seat of the trouble, relieve the distress, cleanse and cure the affected parts, and give the system a general tonic. The Five Cent packet is enough for an ordinary occasion. The Family bottle, 6 cents, contains a supply for a year. All druggists sell them.

BREATHING EASIER

Great Britain's Hope of
Crowning Edward is Not
Now So Remote.

CONDITION FAVORABLE

The King's Physicians Express Satisfaction At the Progress Their Royal Patient is Making.

They Permitted His Majesty to Eat a Bite Last Night and Feel Confident.

Let me speak for all Americans when I say that we watch with the deepest concern and sympathy the sick-bed of the English king, and that all Americans in tendering their hearty sympathy to the people of Great Britain now remember keenly the outburst of genuine grief with which all England last night greeted the calamity that befell us in the death of President McKinley. — Theodore Roosevelt.

London, June 26.—King Edward's condition today is even more satisfactory than has been indicated by the bulletins. He has made a decided improvement, and the feeling at Buckingham palace is very hopeful. His Majesty is able to take nourishment. He had scrambled eggs and a little hock and soda last evening for the first time, and with his own hands he opened several telegrams.

The following amended bulletin was issued after 11 o'clock last night: "The king continues to make satisfactory progress. He slept some hours during the day. He complains very little of discomfort and is more cheerful. The wound is doing well."

"REVES," "LAKING," "BARLOW."

The above is regarded as being the first occasion upon which the king's doctors have allowed themselves to express even to a small degree the

SIR FREDERICK TREVES.

hopeful feelings they undoubtedly, even though privately, entertain. The absence of complications creates hopefulness in all quarters, although, as has been frequently said in these dispatches, several days must pass before the possibility of danger can be eliminated.

Notwithstanding the fact that this is the day of the intended coronation and that London is now even more crowded with people than it was Tuesday, the scenes witnessed on the streets last night were in marked and pleasant contrast with those of Tuesday evening. The reckless rejoicing which was then so disgracefully prominent was quite unheard of last night. Traffic pursued its way unimpeded, and even the most popular thoroughfares comparatively deserted. No illuminations dispelled the natural gloom which settled over the metropolis. The moon failed to penetrate the darkness over the city, and a rather cold wind was blowing. Quiet and depressed, the crowds waited outside Buckingham palace for the night's final news of the sovereign.

For several hours they kept their patient vigil, wandering aimlessly but with palpable anxiety over the open space which fronts the royal residence. For some reason or another a feeling pervaded the crowds that if the king lived through the night he would live to be crowned. Inside the palace all was quiet. Queen Alexandra, who had been in the vicinity of the sick-room the entire day, dined with a few members of the royal family. The callers who came to the palace in the course of the evening contented themselves with driving up to the outer gates, where they alighted and walked in to inquire at the equestrian's entrance for the latest news.

There they met only liveried servants and small knots of reporters. With the exception of these callers and the noblemen who have the entree

to the court, everybody was rigidly excluded from the palace by the police. Lord Grey, a director of the British South Africa company, and who recently visited the United States, is among those having entree to the court. He said that he had good hope for the king's recovery and that he was sure that every Englishman was deeply touched with the sympathy of the United States in the present calamity. "Although," Lord Grey added, "such kind expressions of feeling are only what I should expect after my recent pleasant experience of American hospitality."

Sir Frederick Treves, Sir Francis H. Laking and Sir Thomas Barlow spent the night within Buckingham palace. Sir Joseph Lister joined them in consultation this morning.

WORDS WELL SPOKEN

The President Voices American Sympathy For England.

Cambridge, Mass., June 26.—Commencement at Harvard university was of unusual interest yesterday because of the presence of President Roosevelt, a guest of Harvard, class of 1880, who received the honorary degree of L.L.D. There were other notable guests who also received the degree of L.L.D., including Secretary of State Hay. In opening his address at the Harvard commencement dinner in the afternoon President Roosevelt said: "Let me speak for all Americans today when I say that we watch with the deepest concern and sympathy the sick-bed of the English king and that all Americans in tendering their hearty sympathy to the people of Great Britain now remember keenly the outburst of genuine grief with which all England last night greeted the calamity that befell us in the death of President McKinley."

A GENERAL ORDER

General Chaffee Has a Word On the Moro Campaign.

Washington, June 26.—Gen. Chaffee recently issued a general order to the troops in the Philippines promulgating the cable message sent by President Roosevelt congratulating those troops and especially General Davis and Colonel Baldwin for the "splendid courage and fidelity which have again carried our flag to victory."

General Chaffee also added in the order a paragraph relating to the causes which led up to the great battle with the Moros, saying: "The object of the expedition was to compel the dattos of Bayan and Butig to deliver up the murderers of two soldiers of the 27th infantry, and to compel the return of a number of horses and mules, an enforced loss sustained by a detachment of the 15th cavalry, through the attack of a detachment of Moros under the leadership of the two dattos mentioned, who, without cause made the attack on this peaceful party of United States soldiers."

For many days effort was made to get into communication with these leaders with a view of effecting a peaceful settlement of the matter. They refused to meet the commanding general of the Seventh separate brigade, who was personally on the ground. Failing to obtain an interview the cotta or fort of Bayan was attacked May 2, 1902, by our troops, with the result that many Moros were slain, among them the datto, the heir apparent, and several lesser dattos.

Close Race Promised.

Gales Ferry, Conn., June 26.—With the surface of the Thames none too favorable and the sky overcast, the crews of Yale and Harvard had their final practice last evening, and the men are ready for the regatta late this afternoon. The atmosphere at both quarters indicates confidence, with the feeling of hopefulness a trifle stronger at Broadview, where the Yale men are located. At Redtop the Harvard boat sharps are discussing with satisfaction the recent performance of the 'varsity eight on a time row. The figures of this trial are not disclosed, but it is hinted that the crimson did the four miles a few days ago in time not many seconds slower than 20:10, the record for the course. Those close to the Yale authorities are not talking very much, but it is whispered that the Yale eight rowed four miles in 20:40, the latter part of last week.

He Was Despondent.

Columbus, O., June 26.—Rev. Othios Barfel, aged 65, committed suicide by hanging himself to a tree on the bank of the Olentangy river. The body was found yesterday, the knees almost touching the ground. Despondency and sickness are the reasons assigned for the action. He formerly preached in Saginaw, Mich., and Attica, Ind. He had not held a charge for some years.

TERSE TELEGRAMS

Yale will send a special mission to North China.

Tramps are pressed into service as harvesters in central Kansas.

Great Britain is now running a weather bureau on American lines.

Pennsylvania Democrats have nominated Robert L. Patton for Governor.

Minnesota Democrats have nominated E. L. Rising of Cannon Falls for Governor.

The Independent Telephone Association of America is in session at Philadelphia.

The conference report on the sundry civil bill has been agreed to. The bill will now go to the president.

The Democrats and Populists of Nebraska have named W. H. Thompson, of Grand Island, for Governor.

A terrible disease, which the physicians term "black heart," is depopulating the town of La Cananea, Sonora.

Physicians say the King has two chances in three to recover, but that he is more apt to die, if at all, between the fifth and eighth day.

James Brannan attempted to shoot John Settle in Bell county, Ky., but the latter was armed with a shotgun, and fired into the bushes where Brannan was concealed, fatally wounding him.

IN MORE TROUBLE

Chicago Threatened With a
Strike That Will Tie Up
Freight Business.

10,000 MEN INVOLVED

Freight Handlers Make Demands Upon the Railways and Matter is Now Subject of Conference.

The Managers Show a Disposition to Make a Fight and Trouble is Not Unlikely.

Chicago, June 26.—A fight that would involve 10,000 men and tie up the freight business of the city may begin July 1. If it should come to pass it would be a contest between the railroads on one side and the freight handlers on the other.

The men submitted a proposition yesterday demanding a general increase of 2½ per cent in their wages. The general managers of the various roads held a meeting in the afternoon at which the disposition to make a fight was manifested. No action was taken because some of the roads were not represented. Another meeting will be held on Saturday to discuss the proposition further. This action comes at a time when trouble from another quarter is said to be threatening. Tuesday it was stated that the freight handlers and the teamsters were about to make a demand for strict recognition of their unions.

The demands of the union, presented to the freight agents of the various companies, covers nearly 100 freight depots of the twenty-four systems operating in Chicago. It gives the companies until July 1 to respond, and unless the reply is satisfactory trouble is expected.

The freight handlers also ask to be paid every two weeks instead of once a month, as is the custom now. They ask that the agents of their union be allowed the freedom of the freight houses and sheds for the collection of dues and other business connected with the organization. Time and a half for overtime, after ten hours continuous service, is demanded. Double time is asked for Sundays and holidays, and meal hours missed shall be considered in time employed.

CONGRESSIONAL

Philippine Bill Open to Amendment in the House.

Washington, June 26.—The Philippine civil government bill was thrown open to amendment in the house yesterday. Very slow progress was made, only 15 of the 50 pages of the bill being completed. By an amendment offered by Mr. Bartlett (Ga.) cases involving the construction of the constitution can be appealed from the supreme court of the island to the supreme court of the United States, and by another, offered by Mr. Littlefield (Me.), one corporation in the islands is prohibited from holding stock in another. These were the only amendments of importance adopted. The earlier portion of the day was devoted to consideration of conference reports on the sundry civil army and naval appropriation bills. The house adopted a proposition agreeable to the senate with reference to the disputed items in the army bill and by a vote of 63 to 95 refused to agree to the senate amendments to the naval bill providing for five submarine torpedo boats.

MISSISSIPPI MOB

Negro Who Confessed Crime Is Quickly Strung Up.

Laurel, Miss., June 26.—Wiley Campbell, a mulatto, who attempted a criminal assault on Miss Alice Darefield near Cocoa, Ala., was captured, taken to the scene of his crime and fully identified by the young lady, whose throat he had badly gashed with a knife, and also by her mother, who was knocked down and dangerously injured. The negro voluntarily confessed his crime, stating that it was his intention to kill both the young lady and her mother had he not been frightened off by a dog. Immediately after the confession the negro was hanged to a tree and his body riddled with bullets. The crowd of 600 men then quietly dispersed.

Life Sentence.

Atlanta, Ga., June 26.—Henry King, a negro implicated in the Pittsburgh race riot of May 17, was yesterday found guilty of the murder of Balliff Battle, a member of the officer's posse who was killed during the fight, and sentenced to life imprisonment.

In the Eleventh Round.

London, June 26.—Gus Ruhl of Akron, O., defeated Tom Sharkey of New York in the eleventh round before the National Sporting club last night. The fight was held in connection with the coronation sporting tournament.

Russia Wins Manchuria.

Pekin, June 26.—It is stated upon the highest authority that in the recent mining and railway concessions agreement with Russia a clause enounces all claims to sovereignty in Manchuria.

STORM DAMAGE

Indiana Crop Prospects Set Back By June Twister.

Indianapolis, Ind., June 26.—Grain men and railroad freight agents in Indianapolis were busy today compiling estimates of the damage done to crops by the storm in central Indiana yesterday. It will not be known for three or four days just how much harm has been wrought, but many placed the estimate at several hundred thousand dollars. The hail cut the young corn into ribbons in many localities, while wheat that has not been cut suffered severely. Fortunately much wheat was already in shock. The effect will be to throw the corn crop back and the yield will certainly not be so large as it gave promise a week ago. Fruit trees also suffered, and it is likely that the quality of apples in the storm belt will be poor. The damage to the forests was also heavy. It is regarded, however, as a streak of good fortune that there was not a great loss of life. Newspaper correspondents for local papers who have viewed the work done by the storm said today they did not see how the people escaped with their lives in many places. They could not estimate the damage to the crops.

The Indiana Grain Dealers' association is satisfied with the crop outlook in Indiana. It held a largely attended meeting here yesterday, adjourning after a session last night. Senator Eben H. Wolcott, of Wolcott, is president of the organization, which has at least one representative in every county in the state. A number who remained in Indianapolis today to transact business were enthusiastic over the wheat outlook. Some of them said it was never better. They also predicted there will be a large crop of corn and oats. There were a number of machinery men in the city for the meeting. They also said the outlook for a fine crop is assuring and that many elevators are now being built or enlarged in anticipation of a big yield. E. H. Culver of Toledo, a grain inspector who has just completed a trip through the central states, said today that the outlook for wheat is not only good in Indiana, but throughout the adjoining states. The grain men were unable to say what price would rule at the opening of the market for new wheat, but many seemed inclined to believe that wheat will bring a good price right from the jump.

State Superintendent of Public Instruction Frank Jones made a request today that all persons holding funds collected for the McKinley memorial forward them to him at once, as the state must make a payment Monday to the national association. Jones says about \$10,000 has been collected in Indianapolis, most of which is on deposit with the Union Trust company of Indianapolis. It was the original intention to obtain \$25,000 or \$30,000 from this state. The national association expected that much, but Jones explains that the gathering of funds for the Harrison and Lawton memorials has kept the McKinley subscriptions down, as many people could not afford to give to all three. He thinks, however, that \$10,000 is a respectable contribution from the state of Indiana.

A. E. Nowlin of Lawrenceburg, district revenue collector, was here today on official business. He is a Republican leader in southern Indiana, but could not be accused of "pernicious activity" since becoming a federal officeholder. He is busy now getting ready for the removal of the war revenue tax July 1. The big item is the reduction of 60 cents a barrel on beer, for which the brewers fought so long, which will cut a large hole in the receipts. The brewers of his district, which includes half the state, have been paying several hundred thousand dollars revenue annually since the Spanish-American war. The reduction will save them about \$350,000 a year. The reduction will leave revenue on all articles the same as it was before the late war.

The state association of county school superintendents is holding an interesting meeting in the supreme court room. Louis H. Hamilton of Rensselaer is presiding. There is a large attendance. Superintendents L. O. Harris, Hancock county; C. A. Robertson, Crawford county; W. E. Stipp, Lawrence county; J. M. Neet, Parke county; A. B. Thompson, Grant county; I. F. Meyer, Carroll county; G. E. Butcher, Starke county, and Alexander Johnson, superintendent of the school for feeble-minded youth at Ft. Wayne, were on the program today. The meeting will continue until tomorrow night.

Whitecap Horror.

Bloomington, Ind., June 26.—Henry Demming, who was whitecapped two weeks ago, was declared insane yesterday, and will be taken to a hospital. His mind seems to be entirely wrecked. He and his wife were whipped by a band of masked men, and Demming afterward wandered about the neighborhood in a demented condition.

Will Call For Legislation.

Columbus, O., June 26.—As a result of the decision of the Ohio supreme court declaring unconstitutional the county officers' salary acts, state officials are discussing the probability of an extra session of the legislature.

Guards On Duty.

Newcastle, Ind., June 26.—Guards have been stationed along roads at the edge of the city to turn people back from Knightstown and Lewisville, who are suspected of having been exposed to smallpox.

A FIERCE TORNADO

Indiana Swept By One of the
Severest Storms in Its
History.

A MILLION DOLLAR LOSS

Ten Counties in the Central Portion of the State Receive the Brunt of the Storm.

Several Lives Were Lost Outright and Numerous Persons Received Fatal Injuries.

Indianapolis, June 26.—Ten counties of central Indiana were swept yesterday by one of the worst storms that ever hurled death and devastation upon the state. Three persons were killed, two were fatally hurt and fifty-two were injured. Property was destroyed and damaged to the value of \$1,636,200. The dead and fatally injured are: James Bailey, killed; Wm. VanHoy of Indianapolis, killed near Pendleton; Richard Shepherd, Redkey, fatally injured; Walter Moore, Muncie, fatally injured.

The storm's course was northwest and southeast. The territory covered contains several thousand square miles of the richest farming land in the country. A section fifteen to twenty miles wide extending from a point east of Indianapolis at the state line, northwest through Henry, Rush, Hancock, Madison, Marion, Hamilton, Boone, Montgomery and Tippecanoe counties suffered the most. Even as far north as Laporte county there was also severe damage and as far south as Jennings county was visited with severe hail.

Hancock county suffered the most. The damage there is very severe. All wires are down and it will require days to repair them. Crops are ruined in the storm-swept district and the suffering will be great, as there is no insurance. At Greenfield factories were wrecked, men crippled, horses killed, crops ruined, houses and barns blown down and unroofed. Four churches were demolished, one man was killed, twenty badly injured, five glass factories wrecked and the United States chair factory leveled to the ground. At Pendleton the wind was accompanied by rain in torrents, a veritable cloudburst that changed into hail the size of marbles. Three hours after the storm was passed the hail was gathered in buckets. The destruction to crops, timber, orchards, buildings, fences and factories in the track of the storm cannot be definitely stated for days, as it was so widespread and general throughout the counties affected.

Maxwell, Cleveland and Wilkins, all towns of about 300 to 500 inhabitants, lying north and east of Greenfield, suffered the severest loss. Shirely and Charlottsville were also in the path of the storm and dozens of buildings in these little hamlets were swept to the ground.

INDIANA SCORES

Hoosier Photographers Excel Their Eastern Brothers.

Winona Lake, Ind., June 26.—The superiority of Indiana photographic art over that of several other states is shown in the exhibit that is a feature of the Indiana photographers' summer school this week. The exhibit includes the prize picture of each state or interstate convention held during the past year. Only Massachusetts and New York display work that is in the same class with that of Indiana. The reason of this, say the large number of experts who are here from the East, lies in the effective Indiana system of annual meetings and schools of instruction.

Contempt of Court.

Jeffersonville, Ind., June 26.—John T. Patterson, one of the oldest attorneys at the Clark county bar, was found guilty of contempt of court yesterday and was sent to jail for three months and fined \$10 by Judge Marsh. As administrator of the estate of Jeremiah Noe, his father-in-law, who committed suicide, Patterson failed to distribute \$1,700 among the heirs and ignored the court's order when instructed to do so. Patterson made no denial of using the money.

A Dollar Saved Him.

Hartford City, Ind., June 26.—A dollar in the pocket of Frank Shaner, an oil worker, probably saved him from injury. He was sitting in the yard at the farm of James Smith, seven miles northwest of here, when Arthur Johnson and Newton Banter drove up. They were drunk, and fired a revolver right and left. One of the bullets struck a dollar in Shaner's pocket and flattened itself against the coin.

Result of a Joke.

Cambridge City, Ind., June 26.—Roy Fraunburg had his right eye destroyed by a cannon cracker, the result of a joke at the machine shops where he was employed.

Dangerous Play.

Warren, Ind., June 26.—Henry Myers, fifteen years old, living four miles west, had his eyes nearly blown out while firing powder in a mimic oil well.

WILL HAVE TO WAIT

Territorial Ambitions Doomed to Present Disappointment.

Washington, June 26.—By an arrangement effected yesterday between the divergent interests in the senate committee on territories and subsequently ratified by the senate, a territorial statehood bill will be reported to and considered by the senate early in December, when congress reconvenes. In the meeting that resulted in this agreement the fact developed that the principal reason for opposing Senator Quay's motion to consider the omnibus statehood bill now, was the desire to prevent the bill going on the calendar in an unamended form.

Some of the Republican members of the committee are inclined to favor the admission of one or two of the territories, but not all three of them, and they therefore desired to amend the measure in committee. This they will have an opportunity to attempt.

Senator Ball said the Democrats accepted the program only because it had become apparent that action could not be secured at the present session. He said the Democratic side of the senate was solid in its support of the bill for the admission of all three of the territories—Oklahoma, New Mexico and Arizona.

The Republican members say it does not follow from this agreement that the omnibus statehood bill will become the unfinished business on Dec. 10 next. They make the point that the agreement provides for a report by the committee on territories to precede the consideration of the bill and that whatsoever bill may be reported will become the unfinished business. That may or may not be an omnibus bill, and it is evident that the present desire of the majority of the committee is that it shall not be. It should be added that any bill reported from the committee on territories will be open to amendment in the senate.

An Ohio Tornado.

Marietta, O., June 26.—A tornado swept over Marietta last evening, destroying everything in its path. One person was killed and probably twenty injured. The property loss is estimated at \$200,000. The fine plant of Parkersburg & Marietta Interurban company was destroyed. Telephone lines are all down. Engineer Sevelance of the electric light company was killed when the building went down. Fifteen residences were blown down. The Ohio Valley wagon works plant is a mass of ruins and the Acme Brick plant was completely demolished.

Turkish Delight.

The oriental sweet called "Turkish delight" that travelers in the east are sure to taste is not difficult to make. Have ready an ounce of gelatin, preferably the clear imported sheet variety, which has been soaked for two hours in a very little cold water. Bring to a boil in a porcelain pot a pound of granulated sugar and half a cupful of cold water, adding the gelatin, and boil till the mixture dropped in cold water can be held in the finger. After it has boiled steadily for fifteen minutes add the juice of one lemon and a tablespoonful of brandy. Pour to cool in a clean tin which has been wet in cold water, cutting the mixture as it stiffens into squares like caramels. Each piece is dusted with powdered sugar or rolled in waxed paper.—New York Post.

Woodsmen

Know that in spite of hard work in the clear forest air the blood often becomes impure. The heavy food served in the lumber camps is to a great extent responsible for this condition of the blood, which renders the body an easy prey to many forms of disease.

There is no better blood purifier than Dr. Pierce's Golden Medical Discovery. It cures eruptions, pimples, eczema, scrofula, rheumatism, and all other diseases caused by an impure condition of the blood. It cures absolutely and altogether by cleansing the blood from the poisons which breed and feed disease.

Accept no substitute for the "Discovery." There is no other medicine "just as good" for the blood.

"I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. James Murphy, of Fond du Lac, Wis. "It has cured me of chronic scrofula of twelve years' standing. I also had chronic diarrhea for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery. I took several bottles of the 'Discovery' before I stopped."

Dr. Pierce's Common Sense Medical Adviser, containing 1008 pages, and over 700 illustrations, is sent free on receipt of stamps to defray expense of mailing only. Send 21 one-cent stamps for the book in paper cover, or 31 cents for the book in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

LIGHTNING'S DEADLY WORK.

George and Harry Reinhold both killed near Brownstown.

During the electrical and rain storm Wednesday evening George Reinhold and his brother Harry were struck by lightning and instantly killed near the Mooneytown bridge north of Brownstown. Their bodies were found Thursday morning by Joe and Dick Bohall.

Wednesday afternoon the Reinhold brothers attended a funeral at Brownstown and after that drove to the river in a buggy to fish. They seem to have hitched their horse to a tree and put their lines out before the storm came up for the lines were still out this morning. During the storm it seems that they went to the buggy expecting to change their position, for when they were found this morning the lifeless body of one of the men was in the buggy and the other was on the ground by the horse, holding the hitch-rein in his hand. The horse was also killed. The bodies were taken to Brownstown Thursday forenoon and the coroner was called to hold an inquest.

George Reinhold was thirty-five years of age and Harry was about thirty. They were both well known and were industrious and highly esteemed young men. George had been in the employ of the Hub and Spoke factory of this city for a long time as timber inspector. He was a member of Hermon Lodge, K. of P., and the Methodist church. He leaves two children, his wife having died about a year ago. Harry was a member of the I. O. O. F. at Brownstown.

Funeral at 11 a. m. Friday at the court house conducted by Elder G. M. Shutte and Elder S. A. Wingate.

MARRIED.

DENTON-HANLON.

At 7:30 o'clock Wednesday evening Miss Lucy Hanlon, daughter of Mr. and Mrs. Dennis Hanlon, of this city, and Mr. Robert G. Denton, of Indianapolis, were united in marriage at the Methodist parsonage by Dr. E. R. Vest. Following the ceremony a reception was tendered them at the home of the bride's parents on East Third street. Quite a company of their friends were present at the reception. The bride and groom left on the late train for Indianapolis, which city will be their home. Their many friends extend hearty congratulations.

GULDE-CARTER.

This morning at 7:30 o'clock Mr. John Gulde, of Jefferson county, and Mrs. Anna Carter, of this city, were married at her home, corner of Fourth street and Indianapolis avenue. Dr. E. R. Vest, pastor of the Methodist church, officiated. About twenty of the bride's neighbors and immediate friends witnessed the ceremony. Mr. and Mrs. Gulde left on the 8:05 train north for a brief trip, after which they will return and make their home in this city, residing in her house on Indianapolis avenue. Quite a number of friends accompanied them to the depot to bid them good-bye.

DIED.

MCDONALD—Mrs. Mary McDonald, wife of James McDonald, deceased, died at her home near Uniontown, June 25, at 5:30 o'clock p. m., aged 48 years. Funeral at Uniontown at 2:30 p. m., Friday. Mrs. McDonald has been in declining health since the death of her husband, three years ago. During her illness she was always patient, never was heard to complain of her suffering. She leaves five children, the oldest sixteen years and the youngest four years. She was a consistent member of the Methodist church of Wesley Chapel, Scott county. Death to her, after living a good christian life, had no sting. Her only regret was in leaving her children, all so young. Funeral services will be conducted by Rev. E. R. Vest, of Seymour.

Shop Lifter Apprehended.

Wednesday morning a nice pair of misses' shoes were taken from W. F. Bush's shoe store by a girl who happened in. Almost as soon as she was gone the shoes were missed. Suspicion rested on the girl. Policeman Pruitt was notified and went down to where this girl lived and made a demand for the shoes. She denied taking them, but the officer persisted, and finally by using a little strategy he secured the shoes and returned them to the store. The girl had hidden them out in the woodshed. There is some evidence that another girl was mixed up in this shoplifting experience. Shoplifting is getting a little too common in Seymour and it is about time to go after the "lifters" as well as the things "lifted."

Mrs. J. E. Foist was here from Redding township today.

Fielding Lett, of Jennings county, transacted business here today.

Mrs. Crowe is having her residence on Indianapolis avenue improved.

William Stater and wife, of Spraytown, were in town today buying goods.

A Wonder.

One of the most creditable shows that has visited our town for many a day is Sherry's Working World, now on exhibition next First National Bank. All visitors join in saying that it is the most marvelous invention ever witnessed in our city. No one can conceive the amount of study and perseverance it took Mr. Sherry to construct this wonderful mechanical device. But after nine years of hard toil and labor he accomplished his work and put it in operation before the public, and now is crowned with success wherever he goes.

Coroner's Finding.

After viewing the dead body and taking the testimony of witnesses I find that Asa Snow came to his death by a shot fired from a 32 calibre revolver held in his own hand, said shot having been fired with suicidal intent.

Mrs. Mattie Ross, who resides two miles from town, has picked and marketed fifty gallons of raspberries this season and is not done yet.

Dr. Zarring, of Tampico, has sold his residence and drug store to Mr. Berkey, of Salem, who will go into the general merchandise business at Tampico. Dr. Zarring contemplates moving to Bloomington.

Ruling in Damage Case.

In reversing a decision of a lower court yesterday, the supreme court held that in answering a workman's suit for damages for injuries received, an employer cannot set up in defense the plea that the workman knew the machinery causing the injury had not been properly guarded. Where an employer fails to perform a duty imposed on him by law, he cannot insist that his workmen assume the resulting danger by continuing to work for him.

Card of Thanks.

We desire to extend our sincere thanks to our immediate neighbors and to all our friends, both in Seymour and in Brownstown and in Indianapolis, New Albany and Jennings county for their many acts of kindness and expressions of sympathy, and for the beautiful floral tributes to our daughter, Miss Bertha McCann. These numerous acts of kindness will ever be appreciated.

MR. AND MRS. B. F. MCCANN AND FAMILY.

Private Instruction.

We give private instruction in all common school branches, including bookkeeping, shorthand and penmanship. School children and others who are deficient in some study will find this an excellent opportunity to improve themselves. Very low rates. Call at once. Day and night sessions. Phone 34. SCHWARTZ SCHOOL.

B. & O. Earnings.

The Baltimore & Ohio, including the Baltimore & Ohio Southwestern, shows gross earnings for May to have been \$4,405,692, an increase of \$398,584 over May 1901; net earnings, \$1,446,517, an increase this year of \$73,772. For eleven months of the fiscal year the gross earnings increased \$1,543,422 and net earnings increased \$2,062,831.

Birthday Party.

A happy company of little folks gathered at the home of Mrs. McGinnis on East Fourth street Wednesday afternoon in honor of the eleventh birthday of Miss Irene McGinnis. Refreshments were served. The children spent a delightful afternoon. Miss Irene received many nice presents.

FIRM FOUNDATION.

Nothing can Undermine it in Seymour.

People are something slow to recognize true merit and they cannot be blamed for so many in the past have been a humbugged. The experience of hundreds of Seymour residents expressed publicly through newspapers and other sources places Doan's Kidney Pills on a firm foundation.

Mr. M. H. Ahlbrand of south Walnut street, implement and machine salesman, says: Doan's Kidney Pills are a good remedy I had a great deal of lameness in my back and on for years. In the winter of 1898 my back was very bad and I went to Milhous' drug store and procured a box of Doan's Kidney Pills. I never used any medicine so prompt in relieving me. The treatment strengthened my kidneys and relieved the backache besides toning up my general health. I have never felt better in my life. My wife also suffered from backache and on taking this preparation she was as greatly benefited as I.

For sale by all dealers, price 50 cts. Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the Doan's and take no other.

Open June 22nd.

Through Car Lines Lines to northern Michigan. On and after June 22nd, sleeping cars will leave Seymour 5:24 p. m. daily over Pennsylvania short lines and G. R. & L. The Fishing line taking passengers to Petoskey, Traverse City, Bay View, Harbor Springs and all resorts on Little Traverse City, and to Mackinaw City without change of cars. Meals on Dining cars enroute. For details apply to J. W. Wray, Ticket Agent Seymour, Ind.

WINONA LAKE, Indiana's Famous Summer Resort.

Winona Lake, Ind., the pretty summer resort on the Pennsylvania Lines in Northern Indiana affords rest, recreation, entertainment, amid delightful surroundings for persons desiring to enjoy vacation outings. This resort is the site of Winona Assembly and Summer School, and is annually visited by many persons who are strengthened in mind by the excellent facilities for educational work, and invigorated in body by the health-giving influence for which Winona Lake is famous.

On May 15th, the Opening Day of the Season of 1902, excursion tickets to Winona Lake will be on sale via Pennsylvania Lines. They will be obtained from May 15th to September 15th, inclusive.

For particular information on the subject of rate and time of trains, apply to Ticket Agents of the Pennsylvania Lines, or to F. VAN DYKE, Chief Assistant General Passenger Agent, Pittsburgh, Pa. Information about attractions at Winona Lake, entertainments, the Summer School sessions, etc., will be furnished in reply to inquiries addressed to Mr. C. S. DICKEY, Secretary, Winona Lake, Ind.

Epworth League Conference.

The B. & O. S. W. will sell excursion tickets to Charleston, Ind., and return June 25th and 26th, good to return June 28th at very low rates. C. C. FREY, Agent.

THE HANDY FOLDING RULE.

An Old Standby of the Mechanic in Greater Demand Than Ever.

"There are about a million different kinds of rules," said a dealer in hardware and tools, "the rules being something of well nigh universal use in one form or another in pretty much all trades, but here's one old standby that we sell more of now than ever, this being the folding rule.

"There are plenty of rules that fold, the commonly known two foot rule being a familiar example, but this particular old rule that I speak of is known by name as the folding rule.

"It is made in foot long sections, in various lengths, ranging from two to ten feet and over ten, if required, but three feet, five feet, any number of feet, the rule, whatever its total length, folds up completely into a bundle a foot long. The slats are thin and folded up, and even a ten foot rule takes up little room. It can be quite conveniently carried in the pocket.

"Lots of people use folding rules—plumbers, for instance, in measuring pipes and in measuring places for pipes. In measuring a distance greater than the spread of the arms with a tape two men are required, but one man can measure with a folding rule as far as the rule can reach, and with such a rule he can, single handed, measure around corners or in the angles of wall and ceiling or in any other bend or crevice. We sell lots of them nowadays to electricians, who use them in measuring for wiring houses, and we sell them to various other users, the six foot rule being the one most commonly sold.

"Such rules, of whatever length, are sold by the foot, at 8 cents a foot."—New York Sun.

FLOWER AND TREE.

Pruning to excess or too frequent or too long is weakening to the tree.

When a branch is removed, the cutting should be close, leaving no stub.

The apple, pear, quince and thorn can be grafted one on another, with varying success.

Wormy fruit in the orchard is best disposed of by the sheep. They eat all without making any choice, as pigs do.

Planting a few trees every fall or spring, as may be convenient, helps materially to keep up a supply of good fruit.

The cherry, peach, apricot, nectarine and almond require a light, dry and warm soil, but may be grown on loose, sandy soils.

Saltpeter is recommended as a quick acting fertilizer for flower beds that seem to be languishing, especially those that show small and pale leafage.

Peach and plum trees are both less liable to diseases when grown in the poultry yard. The trees will make a better growth and at the same time afford shade for the fowls.

Geraniums that have been used for summer bloomers will not flower again until the late spring months. Geraniums for winter blooming should be grown especially for that purpose by keeping the flower buds nipped off until August.

MAGNET FOR FARMERS.

Great Display in the Division of Agriculture at Exposition.

The prominent display in the Division of Agriculture at the Pan-American Exposition will be the magnet that will attract progressive farmers. Here they can learn what their brother farmers are doing to lighten labor and improve the products of the fields. The exhibit will embrace all phases of agricultural work, showing the advantages of different processes and methods of work and the products of the garden and field in their great variety under all sorts of conditions. Under their proper classifications will be shown methods of fertilization, farm management and processes, experiments with various crops in different soils, climate, etc.; reports from different states and provinces showing the aggregate of crops and products of all kinds; exhibits of all products of the farm and garden. This will be a splendid school of instruction for the farmer.

It is well enough to make hay while the sun shines, but if there were no rainy weather there would be no hay to make.—Saturday Evening Post.

Read It in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by C. W. Milhouse.

Strong evidence sustains the popular verdict that Ely's Cream Balm is worth its weight in gold. Trial size 10 cents. Full size 50 cents. Sold by druggists and mailed by Ely Brothers, 57 Warren St., New York.

Proberta Cal.

MESSRS ELY BROS.—I have been afflicted with catarrh for twenty years. It made me so weak I thought I had consumption. I got one bottle of Ely's Cream Balm and in three days the discharge stopped. It is the best medicine I have used for catarrh. Very truly, FRANK E. KINDEL-SPIRE.

CUPID'S ODD PRANKS.

WHY SOME WOMEN FELL IN LOVE WITH THEIR HUSBANDS.

Peculiar Reasons That at Times Influence the Fair Sex in Matters of the Heart—The Woman Who Won and Wedded a Woman Hater.

If there is one question more than another to which it is difficult to get or give a satisfactory answer it is surely this: "Why did you fall in love with your husband?" In 19 cases out of 20 woman would probably confess candidly that she did not know or else she would declare conclusively that she did because she did, and that ought to end the matter.

In the rare cases where the lady consents to declare her reason the answers are both interesting and instructive.

"Whatever made you marry the prisoner?" a London magistrate asked a woman whose face bore "striking" evidence of her husband's affection. "Because he punched all the other fellows' heads," she answered, "and nobody else dared make love to me."

Another good lady confessed that she fell in love with her husband because he was the "only man who ever dared to snub her." While other men were stumbling over each other to pay her court and attention, he always treated her with absolute indifference and even rudeness.

The consequence was that she determined to bring him to her feet and his knees. She succeeded, but lost her heart in the attempt.

"I fell in love with my husband," one lady recently declared, "because he was the only man about whom no one was ever heard to say an unkind word. Even the women, although he paid them no special attention, were agreed that he was 'a darling'; and, although he was plain, almost to ugliness, and old enough almost to be my father, I loved him and determined to marry him long before he had any such thought of me."

Not long ago a Yorkshire lady of wealth and beauty shocked her friends by marrying a poor cripple. It had come to her ears that he had long loved her in silence and had counted each day happy if he only caught a distant glimpse of her. She discovered that he was a devoted son and brother and a man of unusual gifts and culture for his humble position, and, moved by one of those sudden, generous impulses to which some women are liable, she sought an interview with him, told him that she had learned his secret and offered him her hand and fortune. This may appear a strange and improbable thing, but thousands know that it is literally true.

Another lady whose marriage resulted from a similar impulse gives this explanation of it. Among the friends of her family was an old bachelor with a reputation for crustiness who had known her from a child and had often nursed her in early days. To her he had always been gentle and kind, and she had loved him "in a way" as long as she could remember.

One day she said, "Why have you never married, Mr. —?"

"Marry, my dear? Why, no one would ever marry a grumpy old man like me."

"Of course they would!" she answered indignantly. "Why, I would marry you myself!"

"Thank you, my dear!" came the unexpected answer. "Then we'll consider the matter ended."

In spite of her surprise and misgivings the girl loyally kept her promise, and she has never had reason to regret her "moment's indiscretion."

A lady friend of the writer married her husband for the very illogical reason that he was an avowed woman hater. He made no secret of his aversion to the fair sex and declared it so constantly that, as she says, "I loved I would convert him and make him change his mind, at least so far as one of my sex was concerned." He was not difficult to convert, for within 12 months he had forsaken his creed as far as to conduct one of the "hated sex" to the altar, and now he declares that he "loves them all."—Tit-Bits.

The Home of Echoes.

Many valleys described in guide-books as "whispering valleys" are favorite resorts for tourists in all parts of the world. Few, however, exceed in wonder a valley at Stanfield in Essex, England. The rector of this parish in giving a careful account of his own experiences states that his house stands on a hill 288 feet above sea level, rising in rear to 300 feet, while in front the ground slopes away to a stream 100 feet below and again rises 150 feet on the opposite side. From the rectory the bells of 14 or 15 villages may be distinguished, while across the valley footsteps and voices in conversational tone may be heard at half a mile.

Domestic Joys.

Meeks—My wife prefers coffee for breakfast and I prefer tea.

Weeks—Then I suppose you have both?

Meeks—Oh, no. We compromise.

Weeks—In what way?

Meeks—We compromise on coffee.—Chicago News.

Milk and Water.

"Pa," said little Willie, "why do they speak of the 'milk in the coconut'? It's more like water."

"Exactly," replied Mr. Clitman. "And that's why they call it milk, very probably."—Philadelphia Record.

She-I'd never have married you if you had not deceived me about your self.

He—Remember you never would have married me had I not deceived myself about you.—Boston Transcript.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickland, editor World-Herald, Fair Haven, Wash.—For sale by C. W. Milhouse.

Kodol Dyspepsia Cure

The medical profession is one of the most conservative in the world. It is well that it should be so. We want no experimenting with our lives or health. The physician is naturally and justifiably careful to prescribe no remedy until well satisfied of its merits. So it is no small testimonial to the worth of Kodol Dyspepsia Cure that it is coming into general use among physicians of all classes. They appreciate even more readily than the layman that it gives weak stomachs just the rest they need and are prescribing it freely with wonderfully successful results. Nothing is necessary. Eat all you want. While you are strengthening the body with wholesome food Kodol Dyspepsia Cure is restoring the stomach to perfect health by relieving it of its work. Don't be satisfied with merely temporary relief when this remedy offers a complete cure. "I have used in my practice quite a lot of Kodol Dyspepsia Cure with no failures but relief in almost all cases," writes Dr. W. L. Wallace of Kingstree, S. C. "After an active practice of forty-five years this is the first time I have ever had occasion to publicly advise all dyspeptics that they have a certain remedy in Kodol Dyspepsia Cure."

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co. Chicago. The 81 bottle contains 2 3/4 times the 50c. size. When you suffer from biliousness or constipation use the famous little liver pills known as DeWitt's Little EARLY RISERS. They never grip.

A. J. PELLENS, SEYMOUR.

THIS IS A FACT.

There is no Question About it it's a Plain Statement of Facts, made of Seymour Citizen.

Mr. Philip Briner of 572 Pine St., Seymour, Ind., says: I have been troubled for some time with severe nervousness and dizziness. I heard of Dr. A. W. Chase's Nerve Pills and got a box at A. J. Pellens drug store. Now after using them I can say my nervous system has been toned up and as a result I am relieved of the dizziness. I consider these pills an excellent nerve medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

REDUCED FARES.

Chance for Trips via Pennsylvania Lines at Small Cost.

PLAN NOW FOR COLORADO.

THE BURLINGTON'S EXTENSIVE SCHEME OF SUMMER TOURS.

The Burlington Route makes the most attractive excursion rates to Colorado Resorts that have ever been made. For long periods of the summer we make such remarkably low first class round trip rates to Denver, Colorado Springs and Manitou, as \$21.00 from St. Louis, \$15.00 from Kansas City, \$25.00 from Chicago, good all summer; at other periods, only one fare plus \$2.00 round trip.

CHEAP TO PACIFIC COAST, TOO

May 7th to June 8th, August 21 to 28th. Round trip good 60 days, variable routes; from St. Louis \$47.50, from Chicago \$50.00, Missouri River \$45.00; all lower than the one-way rate; only \$11.00 more between Frisco and Portland; first class, good in chair cars (seats free), standard sleepers or Through Tourist Sleeper Excursions. Chief Coast route, the Burlington to Denver, through scenic Colorado, Salt Lake.

COOL MINNESOTA.

10,000 lakes; scores of the coolest and best summer localities in the country; frequent periods of low summer rates.

Apply to nearest ticket agent, or write us of your proposed trip, whether to Colorado, Pacific Coast, Yellowstone Park, Minnesota, and let us advise you least cost and assist you.

Send for our handsome Colorado or California 1902 publications free.
